## Common Color Chords In Modern Worship

The 1 Chord is often played as a 2 chord

For example, in the key of G, play a G2 (G A D) rather than G B D

It's also often played as a 5 chord or (no3) chord

For example, in the key of G, omit the 3, play G D only

The 4 Chord is often played as a 2 chord

For example, in the key of G, play a C2 (C D G) rather than C E G

The 5 Chord is often played as an add4 chord

For example, in the key of G, play an add4 (D F#G A) rather than D F# A

The 5 chord can also be a sus. In the key of G, Gsus is G C D
